CARNIVAL - QUEENS

One of the girls whose pictures appear above will be crowned Ice Carnival Queen on the evening of Friday, February 22nd, when the big ICE CARNIVAL is staged in Drayton Valley, under the auspices of the Boy Scout Committee.

Upper left hand corner we see Marilyn Mitchell, the girl whom the Pembina Pipeline Club has chosen to represent them.

In the top centre is Sophie Motra, who has been chosen by Mobil Oil Co. to bring home the honor as Queen.

Upper right hand corner is Donna Lloyd, who will compete for the crown under the sponsorship of Stanolind Oil and Gas Co.

In the lower right hand corner is Kay Eamor, the choice of Halliburton Company.

Pictured in the lower left hand corner is Anne Lunan, whom Hughes Tool feel quite sure will bring home the title.

Tickets are on sale, and are going fast. Get yours today from the girl of your choice, and get your votes in for her. Each ticket entitles to one vote.

Last year's Ice Carnival was a very well planned event; with many working like trouper to get everything in readiness for it. The skaters who came in from Edmonton and Evansburg aided a great deal in the entertainment. The hilarious game of Broomball provided fun for all. This year promises to be even bigger and better, with many other events, such as costume parades, and so on. Some excellent prizes will be given.

LIONS CLUB MAKES SURVEY.

A recent survey of Drayton Valley area taken by Lions Club representatives indicated that there are several Lions Club Members in this region, as well as a number of former Lions Club members. Plans are being formulated to start a Lions Club here. A past secretary of the Lions Club in Redwater, James Glenesk, of National Oilwell Supply asks all Lions and former Lions members to contact him. His phone number is 33. The Special Representative of Lions International, Philip Hastings, will be here for several days, beginning January 30th, and will work with Mr Glenesk.

DRAYTON VALLEY UNITED CHURCH HOLDS ANNUAL MEETING.

By: Mrs H. Holmer, Cor. Sec.

More than 130 persons gathered in the Scout Hall on January 22nd for the Annual Congregational Meeting of the Drayton Valley United Church. There were five guests present, Mrs M. Boddy, Rev. Harold Macdonald and Mrs Marston. Rev. G. Fyfe and Mr Frank Albus.

After a sumptuous Pot Luck supper had been enjoyed by all, the meeting was directed by Rev. William A. Sayers.

Reports from all departments of the church were contained in an annual report, printed in book form. These reports were read by Mr H. Pickyp, chairman of the Board, and Mrs Zolmer and Mrs Bowman, secretary and Treasurer of the Women's Association. All the reports showed splendid progress made by the United Church in Drayton Valley during the past year. A subsidiary group of the Women's Association has been formed at Violet Grove.

We now have a resident minister with regular morning and evening services on Sunday, and a choir. For the younger group there are G.I.I.F. and Explorer Groups, as well as Sunday School. A fine new manse has been erected and plans are well under way for the building of a church.

The election of officers was next on the agenda. Mr Gordon Bowman reported that there were five vacancies to be filled by the Board of Stewards. The men nominated and elected to fill the vacancies were: Mr. Claude Selbert, Mr. Sandy Morrison, Mr. Bob Clarkson, Mr. Harry Knight and Mr. Fred Just.

The report of Session was given by Miss Rosa McKers. She reported that it had been agreed to increase the number from nine to twelve members. As there were four vacancies Mr. Claude Selbert, Miss seven members were nominated and elected to the Session. They were, Mrs Lois

(Cont. Next Col)

UNITED ANNUAL MEETING (Cont.)

Ross, Mr. Harry Zolmer, Mr. John Watson, Mr. Bob Byram, Mr. Wm. Hamilton, Mr. Freeman Hill, and Mr. Wm. Glen, Sr.

After the business part of the meeting had been concluded, some very enjoyable entertainment was provided by the various groups. There were songs and plays by members of the Explorer and G.I.I.F. groups, as well as skits put on by the W.A. The choir gave forth some pleasing renditions, and even the audience joined in on the familiar choruses.

A wonderful spirit of fellowship and enthusiasm prevailed; and folks went home with a gratifying feeling of accomplishment, as well as renewed zeal in their plans for 1957.

DOCTOR ATTENDS UNIVERSITY COURSE.

Dr. Brooks returned to his duties in Drayton Valley recently after having attended a Post Graduate Course at the University Hospital in Orthopaedic Surgery sponsored by the Canadian Medical Association and the Faculty of Medicine of the University of Alberta.

Lectures and demonstrations were given to some twenty-five doctors drawn from all over the Province.

Specialists lecturing included:

Dr. R.G. Hudkell, Chairman,
Dr. R.S. Henderson
Dr. Gordon Cameron.
Dr. D.C. Johnstone.
Dr. O. Rostrop,
Dr. F.G. Day.
Dr. J. Gullley.
Dr. Gordon Wilson.
Dr. Joseph Moreau.

TRAILER PARK GROUP MEETS WITH TOWN COUNCIL.

On Monday evening a group of representatives of the trailer parks in Drayton Valley which have water piped into the trailers, met with the Town Council and Administrator Isbister to discuss problems arising from town water supply.

It was stressed that it would be necessary to insulate fully against frost to prevent freezing, rather than to allow taps to run, with a consequent wastage of water, necessitating the operation of the town pumps on a 24 hour basis.

Both trailer park owners and residents assured the Council that they would do their best to keep water usage to a minimum.

The matter of outsiders coming in and causing disturbances in Teen Town dance was discussed and it is expected that further trouble will be eliminated.

LOCAL COUPLE RETURN FROM CRUISE.

Adrian and Margo Meier have just returned from a trip that all of us would like to make. The insurance company Mr. Meier represents made an announcement some months ago, that all their agents who did a certain volume of business during the year would receive an all-expense-paid trip to the Company Conference in Minneapolis and then a cruise of the Caribbean Sea. Adrian qualified with a sufficient volume of business and so on January 14th, the Company Plane picked them up in Edmonton and they were flown down to attend the two-day conference in Minneapolis. From there they went by train to New York, where they stayed overnight in the swank Roosevelt Hotel, doing some sight-seeing while in the Big City, which included a trip to see the U.N. Building, among other things. On Wednesday, Jan. 9th, they boarded the Dutch ship Ryndam (which, by the way, had just landed after bringing a boatload of Hungarian Refugees over, after an unusually rough and stormy crossing of the Atlantic.)

After boarding the boat which had been chartered for the purpose the 148 North American Life and Casualty representatives, with their wives, sailed down the East U.S. Coast, for a very stormy trip, until they came into the Caribbean Sea where they had smoother sailing.

After three days sailing they arrived at St. Thomas, in the Virgin Islands on Sunday, where they visited throughout the day. Returning to the Ryndam they sailed for two more days, after which they arrived at Lazara, Venezuela, and went inland for a dozen or so miles to visit Caracas, the capital city of Venezuela; Caracas lies near some extremely rich oilfields, which are among the world's great producers. The following day they cruised to Curacao, in the Netherlands West Indies, where they went shopping for souvenirs. Two more days of sailing brought them to Havana, Cuba, where they arrived in mid-afternoon, spending the time until the following day in sight-seeing.

After leaving Havana they headed back to New York, up the Atlantic Seaboard Coast, again for a rough trip, when they got out into the Atlantic. Margo claims that, outside of the crew, there were only two on the boat that weren't sea-sick during the Atlantic sailing: the Meiers. Perhaps bumping over our rough roads will injure one to even a rough ocean crossing.

They returned by train to Minneapolis, where the company plane again picked them up for the return trip to Edmonton. They will now try to settle down to business again, even though the memory of the green bananas in the Virgin Islands (cont. next col.)

LOCAL COUPLE RETURN (Cont.)

and the coconut palms with real coco-nuts on them will stay with them for some time to come. The fine, healthy tan that they acquired from hours of sun-bathing on the deck will perhaps last them until Alberta sunshine can renew it for them, come summer.

They returned rested and refreshed in body, and with a new zest for living. Among the group of 148 company representatives and executives who made the trip 30 were from Canada, which is a very fine representation on a per capita basis and perhaps gives some indications of the healthy state of business north of the Border.

POLICE OFFICE COMPLETED.

The former Fire Hall, just west of the Post Office, has been remodeled into an office for the Town Police Officer; it is almost ready for use.

As well as the office for the town constable, the building also contains two cells. In the building of the cells native spruce has been utilised for bars, so it is partly built of local products.

Whether an ambitious drunk will attempt to chew his way out or not remains to be seen. However, he should not, as the interior has been painted with a very fine shade of pale green which should blend beautifully with the hangover-morning-after face.

The office is quite centrally located; it was no longer needed for housing the fire engine after the new town garage was bought last fall. The new firehall, located in the town garage, is located close to Cardium Sands office and across the street from Schell Service.

WORK PROGRESSES ON RIVER BRIDGE.

About 50 men are still at work on the bridge being constructed over the Saskatchewan River, just east of Drayton Valley. Work is being started on #6 coffer dam for Pier #6. Pier #5 is only partially completed and Pier #6 and 7 have yet to be put in.

With the steel work, abutments and approaches yet to be completed, it is expected that it will take the major part of this summer to complete the bridge and put it in operation.

Although nothing definite has even been announced by the Highways Department, it is expected that Highway 57, which now officially ends near Universal Pipeline Camp, will be continued east over the new bridge, and then will take whatever route the Highway Department finally decides to take, either straight east to connect with Lindale and Warburg, or south to Buck Creek and Branon.

6. Ladies Purse, by McKensie Shoe Store.
7. Personal Income Tax Return, M.A. Leippl.
8. One Evening Baby Sitting, By Peter Kaminski, (Scanolind Oil employee)
9. One Ham, McKensie General Store.
10. Half Sole and Heel job, by: Ray's Shoe Repair.
11. Box Printed Stationery, Pembina News Advertiser.

Watch next week's P.N.A. for further list of prizes; also, keep buying tickets; every ticket is a potential winner, as well as being a vote for the girl you would like to see crowned as Queen.

PEMBINA LAND SALE BRINGS 4 MILLIONS
A few thousand dollars less than eight million were taken in by the Provincial government at the last oil lease land sale Jan.

LAND SALE. (Cont.)

24th. The sale brought new companies into this field.

Bids were rejected on six parcels of land, which were the following: S₁ 4-48-9W5; E₁ 5-48-9W5; E₁ 8-48-9W5; E₁ 5-49-9W5; S₁ 5-49-10W5; E₁ 12-49-10W5.

Total amount taken in for the Pembina Field was \$7,832,570.12, which was more than twice the amount taken in for all other Alberta fields combined, which total figure was \$3,172,788.84.

A heavy buyer in the land sale last fall, Imperial Oil, paid \$705,190. for a section of land, 6-49-9W5.

Newcomers to this field brought to 38 the number of companies now operating here. One newcomer, Northern Natural Gas Company, spent \$2,814,505.00 buying into the field, for a total of 2080 acres. Another newcomer, Petrol Oil and Gas Co. Ltd., Canpet Exploration Ltd., Fargo Oils Ltd., Carleton Oils Ltd. a combine of four companies, spent the sum of \$1,789,000 leasing 1440 acres.

DRAYTON VALLEY HIGHLIGHTS.

By: Edith Deby.

A son was born to Mr and Mrs Leander Hunt in Estevan, Sask., on Jan. 18th. Mrs Hunt was formerly Miss Donna Abramie. Mr and Mrs Hunt grew up in Calgary. Mr Hunt worked for Mid Continent Supply Co. in Drayton Valley for some time and both he and his wife have many friends here.

Mr Robert Chisholm and his fiancée, Miss Stella Walbauer, both of Calgary, spent last week and visiting friends and relatives here.

Mr John MacKenzie, and son, Kenneth, are home again looking especially fit after a pleasant holiday in Mexico.

The annual meeting of the Drayton Valley Rural Electrification Association will be held in the Parish Hall on Feb. 7th at 8 p.m. All members are urged to attend.

Mrs Leslie Haridon is spending a few days at Bonneyville with her daughter and son-in-law, Mr and Mrs Arthur Jorgeson.

Mrs Lawrence Schmidt's friends will be sorry to hear that she is a patient in an Edmonton hospital.

The Community Library Committee held its first meeting on Tuesday of this week. Mrs Burrows was elected chairman and Mrs Johnson is secretary.

The new library will be housed in the Tucker Building temporarily. A Charter and Library Grant have been applied for and a house to house canvass for books will be taken on Tuesday, Feb. 5th.
